

NK-125MA

Dust Extraction System for 100-125mm Diamond Blade

Angle grinder and Diamond Blade are NOT included.

Multi Adaptor PAT.P.

Enables to be fitted onto a wide range of 115 - 125mm angle grinders.

Smart Roller System

The 4 rollers cancel any frictions against the work surface, and the indicator at front roller guides the cut-line.

EASY Blade Change PAT.

The blade can be changed with EASY operation without detaching the angle grinder nor the dust shroud attachment.
